EDUCATION

Diploma with Honours **2008**
Vancouver Film School - 3D animation & visual effects

Diploma in multimedia **2006**
The school of multimedia, Iceland

PROFESSIONAL EXPERIENCE

Framestore CFC **March 2009**
Did object animation on *Sherlock Holmes* and some work for *The Prince's Rainforest* project at the Icelandic Framestore branch.

Gagarín **March 2006 - Present**
Worked on numerous projects handling motion graphics, 3d, editing, color grading, scripting, programming and some tool development.

Eldmessan

Did compositing and motion graphics for a 15-minute historical film about the 1783 Laki eruption in Iceland.

The Settlement exhibition Reykjavik 871 +/-2
Motion graphics.

Exhibition at Hellisheiði Power plant

Look development, 3d modeling, 3d animation, compositing for several videos explaining the inner workings of this geothermal powerplant.

Hólaprent - Collection of Ancient Writings, (holaprent.is)

Oversaw Flash programming, designed, assembled and edited roughly 200 videos for the project. Scripts I wrote to handle a large number of compositions for AfterEffects were invaluable on this project.

Himinn og haf, now TBWA\REYKJAVÍK **June 2005 - December 2006**
Multimedia designer for various projects, my responsibilities included web, print and Flash design, web and Flash programming and motion graphics using After Effects.

ACHIEVEMENTS

My final project from Vancouver Film School 'friends?' was nominated for an award in the 'Well Told Falbe' category at the 2009 Siggraph Computer Animation Festival.

The Settlement exhibition Reykjavik 871 +/-2 was awarded the 2006 NODEM award. The award is granted for "Best Design of Digital Experiences in Museums" in the Nordic countries.
